Samuel Untermyer, Lockwood Committee Head, Keeps Digging into the Steel Business

PROBES BIG MERGER

**Counsel for Midvale-Republic-In

to Appear Today**

New York, June 2.—The Lockwood committee kept digging into the steel business today, and learned some facts

But the committee did not learn what bonus Kuhn, Loeb & Company agreed to receive for raising \$65,000,000.

through a proposed syndicate, how much preferred stock of the consolidated company is to be issued, what portion of the stock is to go toward new capital or the price which it is to be listed. So, late today, unable to gain this information from the heads of the Midvale and Republic steel companies, the committee subpoenaed their counsel, Thomas L. Chadbourne, to appear

Throughout the forenoon session Elbert H. Gary, chairman of the board of the United States Steel corporation, was questioned by Samuel Untermyer, who contended that the independent lived only by the grace of the U. S. Steel corporation and that the management of the corporation is dominated by J. P. Morgan and the banking house that bears his name.

Denies Morgan Domination.

Mr. Gary denied that Mr. Morgan dominated the corporation. He would not concede that Mr. Morgan had a more to do with naming the directors than any of the other six members.

of the finance committee. He said the corporation had a surplus of about \$125,000,000 and that its deposits with J. P. Morgan & Company, all subject to check and bearing 2.5 per cent interest, approximated only \$3,000,000. Since the steel corporation can in

ufacture and deliver products at a price from \$3 to \$5 below the independent market. Mr. Untermeyer held that it could terminate all of the other concerns if so minded. But Mr. Gary, who lives the differential not more than \$3, said he did not think so. He

called the fate of high-handed corporations in the past, and remarked that the steel corporation "behaved because "It was right to do so. second, because it had to do so."

Mr. Undermyer tried to get Mr. G to admit that he and Mr. Morgan

"That is not a fact," said Mr. G. "The other members aid in their location." He then recounted his

Morgan "Organized Corporation"
The belief that the firm of Mon-

controlled United States Steel, he continued, probably arose from the fact that the banking house in a sense "organized" the corporation. It was to the late J. P. Morgan, he said, that the relative values of the companies entering the merger. The e

"He named you?" asked Mr. Untermyer.

"Partly."

"Wholly?" Mr. Untermyer insisted.

Reverting to the junior J. P. Morgan, Mr. Gary testified he never shown any desire to dominate the corporation and that he served merely as one of the seven members of the finance committee.

1924 OLYMPIC GAMES MAY

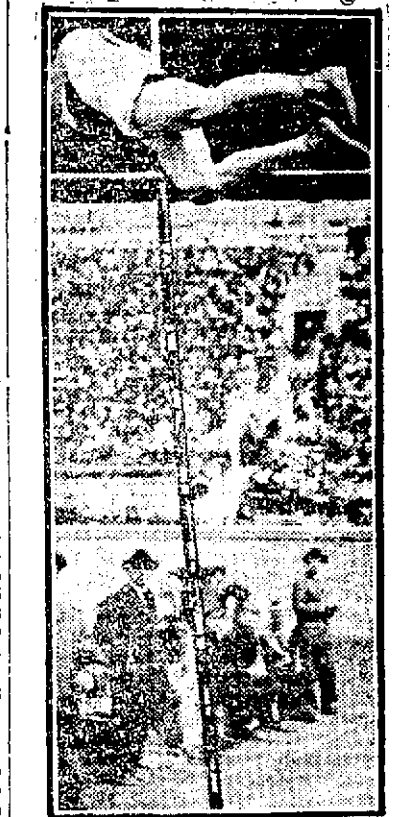

NOT BE HELD IN PARIS

Paris, June 1.—The General Olympic committee, at a general meeting tonight, after being officially informed that the finance commission of the Chamber of Deputies had appropriated eleven million francs, decided the amount was insufficient to organize the 1924 Olympic games in Paris. The Olympic committee addressed a letter to Premier Poincaré asking for the 15,000,000 francs originally decided upon and saying that otherwise the committee might be obliged to inform the international Olympic committee that Paris would be unable to hold the 1924 games.

EXTENSIVE DEALINGS ON STOCK EXCHANGE

Interest in Market Overshadowed by Developments in Domestic and Foreign Money Markets

New York, June 2.—Trading on the stock exchange today was characterized by extensive and comprehensive dealings, mainly at higher prices, but was overshadowed by interesting developments in the domestic and foreign money markets.

Call loans opened at 5 per cent, the highest initial figure in three months, reacting when all early demands had been met to 4 1/2 per cent. Time money hardened fractionally and accommodations again were limited to short maturities.

Announcement of the Republic-Midvale-Inland steel merger evoked little enthusiasm for independent steels. Midvale being under constant pressure. Crucible was steadily bought and United States Steel scored a new high for two years at 103 shortly after Chairman Gary's statement before a legislative committee that the corporation's surplus probably amounted to \$400,000,000.

Studebaker advanced to a new high for the day and other motors and their subsidiaries rose 1 to 2 points. Tobacco and food specialties eased 1 to 3 points, profit-taking being most pronounced in Coca Cola, Sumatra Tobacco and several of the chemicals and fertilizers.

Trading in bonds today was mixed and uncertain throughout the session, but the investment situation remained all of its present strength, as evidenced by the steady advance of the Republic Bond at \$24,000,000 loan and several other new underwritings.

Liberty bonds were active, but realizing sales in that division detracted from their strength, all but two of the entire series closing unchanged or at slight reactions.

British loans failed to reflect the further strength of sterling exchange and French offerings were relatively dull. Mexican government 4s lost 1 point, while the 5s were firm to strong with Havana Electric 5s, Brazil 5s, Denmark 5s, Netherlands 6s and Japanese 4s.

LEGION OPENS ESSAY CONTEST

\$1,500 National Scholarship Prizes and Medals in Each State to Be Offered

Indianapolis, Ind., June 2.—To encourage higher education and patriotic research among school children of the country, the American Legion is sponsoring a national essay contest which has for prizes \$1,500 in scholarships. The contest opens today and closes at midnight August first.

The service men's organization has asked the cooperation of state, city and county school superintendents, seeking contributions of essays from every eligible school child. American Legion officers of Legion posts will assist the educational authorities in the effort.

All girls and boys between the ages of 12 and 18 years inclusive are eligible. The subject to be written on is: "How the American Legion can best serve the Nation." The rules provide that each contestant shall submit but one essay of not more than 500 words, and that essays shall be written in an affirmative and constructive way. Spelling, penmanship and neatness will be considered in judging the winners, as will the age of the contestant.

County superintendents of schools are asked to name three judges to select the best essay in each county. The winning essays of the counties then will be judged by a state committee, selected by the state superintendent of schools or school commissioner for the purpose of selecting the three state winners. Final selection of first, second and third national prize winners will be made from the three best essays of each state, and will be announced several weeks after September 20 by the national judges, whose names will be given later.

The three national prizes will be known as American Legion scholarship awards, consisting of a first prize of \$750, second of \$500 and a third of \$250. First prize in each state will be a silver medal, with a bronze medal for second prize and additional prizes awarded in different states.

Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound Makes This Offer

Cumberland, Md. — "My mother gave me Lydia E. Pinkham's Vegetable Compound when I was between thirteen and fourteen years old and was going to school because I suffered with pains and could not rest. I did not have any more trouble after that until I was married, then I always was troubled in my back while carrying a child and could not do my work until I took the Vegetable Compound. I am strong, do all my washing and ironing and work for seven children and feel fine. I always have an easy time at childbirth and what it did for me it will do for other women. I am willing to answer any woman if she will write asking what it did for me." — Mrs. JOHN HENR, 63 Dilley Street, Cumberland, Md.

LOCAL EDITORIAL MENTION

Misuse of Lawns and Parks.

Residents of Oneonta, who in the
main are proud, and justly so, of
the fine private lawns and public parks
which have done so much to make
our town "The City Beautiful," have
of late been concerned over the evi-
dent carelessness, to use no stronger
term, of individuals who are prob-
ably ignorant of the value of the prop-
erty of the community, and who, by
their less attractive or beautiful
misuse, are committing an offense in
the eyes of the citizen. The lawns, on
the other hand, are private property,
but it is not to be noted the evident
fact that their beauty is not more
possession of the individual. Only to
a limited extent can they be enjoyed
more by him than any one who sees
them in passing and admires the vel-
vety green of the turf, or the beauty
of shrubs and flowers; and for this
reason every good citizen is interested.
These thoughts are suggested by
the fact lately brought to attention
of the misuse of the stretches of lawn
in the parks, particularly in New-
man's park. It is stated that individ-
uals who have driven upon the soft sod
with vehicles, or more, as a more
flagrant and recent instance, have rid-
den horses upon it. This has during
the past week or so been notable, and
the city authorities will no doubt take
steps for the apprehension and proper
punishment of the persons who here-
after commit such wanton acts. In
this connection, also, it is stated that
riders have not confined themselves
to the one park; but that since the
fence about Brown park has been re-
moved, only the intervention of indi-
viduals has kept riders from trespass-
ing on this little beauty spot in the
heart of the town.

Regarding trespass on private prop-
erty, the complaint is made that par-
ticularly on corner lots, pedestrians
have sought by a few feet to shorten
their course by "cutting across" these
corners. What the effect is any ob-
serving citizen can see for himself in
walking about the city. Even in
places where owners have signs en-
joined to "Please keep off the grass,"
this courteous request has in numer-
ous instances been disregarded.

As was in the beginning stated, the
beauty of the parks and lawns concerns
every individual. Wanton acts, or ev-
entless ones such as above
enumerated, cannot be dismissed by
any one with the slightest remark
that they are "none of my business."
They are everybody's business, and
should have everybody's attention to
prevent their recurrence.

The Predatory Cat.

Not only to members of the Hor-
roughs club, who are in a sense the
official custodians of the birds in Oneonta,
is the predatory cat at this season of
the year, a matter for genuine con-
cern. If it were only the English
sparrow, whose depredations in gar-
dens and whose quarrelsome and noisy
dispositions have caused them to be
denominated the Bolsheviks of the
feathered tribe, the bird-hunting feline
might be tolerated or even encouraged.
Unfortunately, however, the cat is no
respecter of persons when it comes
to the singing folk, who all appar-
ently look alike to him; and he will de-
vour wren, or finch, or wood thrush,
or robin or any of our native sparrows
with quite as fine a relish.

It has been suggested that whoever
wishes to encourage the continuing
presence of native birds, which to
their delightful songs add the fact
that they are persistent enemies of
grub and worm, fly and aphid and all
sorts of destructive vermin, would do
well to discourage the vagrant cat.
True there are many felines which
are pets of the household, well-fed
and pampered, and not infrequently
well taught also, so that they are with-
in bounds not to a great degree de-
structive. But besides there are other
members of the cat tribe which have
no homes or only casual ones, which
are either ill-fed or not at all, and
which on the account have reverted
to their native condition. These are
natural enemies of all birds, and on
this account should be not merely pas-
sively, but actively discouraged. Their
value as catchers of mice is negligible,
since one trap is worth a dozen cats
for this purpose, and the damage
which they do is not possible to com-
pute.

Moreover, and it should not be over-
looked, though they fill the mid-
night air with sound, their songs,
though high-pitched and continuous,
admit no rivalry with those of the
birds.

kets. Dates for fairs in this section

ton, September 5-8; Greene county,

Champion With Hook and Line.

Dalton Sanford, a ten-year-old boy
of Margaretville, one day last week,
caught seven trout that weighed seven
pounds. The fish were captured
near the Maple Leaf creamery. At
times the creamery discharges into
the river quantities of whey in which
there are particles of curd. Young
Sanford had noticed that some big
trout were lying in wait for these par-
ticles of curd. Accordingly he got
some curd, baited his hook and the
fish began at once. He was less than
an hour making the big catch.

RECENT PRESS COMMENT

Safer Railroad Crossings.

A compilation of statistics reveals
that last year there were 1,072 fatal
accidents at grade crossings in the
United States. In addition to those
killed 4,813 persons were injured,
some very seriously.
Nearly all of these cases involved
motor cars. It is a fact to be deplored
that there has been a large in-
crease in the number of accidents at
grade since the automobile came into
such general use.
President Harding, cordially endors-
ing the railroad campaign, said:
"Among the measures the most effec-
tive would be to arouse in the minds
of automobile drivers a sense of per-
sonal responsibility."
Unquestionably, that is true. Sense
of responsibility would beget greater
vigilance and that is what is needed.
The only safe railroad crossing is
one below or above grade, but care
will make all at grade very much safer
than they are at present. — [Scranton
Republican.]

The Lincoln Memorial.

The noble memorial which was de-
dicated in Washington yesterday is the
fitting expression of the gratitude of
a free people. It cannot be said that
the memory of the great emancipator
has been neglected in this country.
There is hardly a city of any conse-
quence in the United States where he
has not been remembered in marble
and bronze, and the anniversary of his
birth has been set aside as a holiday
on which the inspiring lessons of his
life are annually reviewed for the
benefit of the present and future gen-
erations. Yet it was proper that the
most imposing and significant of these
memorials should be erected in the
capital of the nation he saved. —
[Philadelphia Inquirer.]

The Mexican War.

At about the time when the Mexi-
can charge d'affaires in this country
was denying vigorously that there
could be such a thing as a rebellion
by Felix Diaz two rebel leaders were
being executed, one of them being
Diaz's personal representative. Rebel-
ling is a habit with Diaz, and he never
has been successful unless when serv-
ing under somebody else. The only
matter of public interest in his pres-
ent foredoomed attempt is the ques-
tion, Who is financing him this time?
— [Philadelphia Ledger.]

More Mexican Melodrama.

Timed to fall in with Finance Minis-
ter de la Huerta's arrival in the United
States come reports of an imminent
and widespread revolution in Mexico.
Money, man and arms are notably
lacking. Our state department dis-
credits the whole story. Such local up-
risings as have occurred of late have
been speedily suppressed by the Ore-
gon government. Nor is Felix Diaz a
leader to be greatly feared. — [New
York Times.]

The Vital Question.

A question that is really receiving
consideration nowadays among the
farmers is: "To pool or not to pool."
It's more complex than playing the
game of pool. — [Ogdensburg Re-
publican-Journal.]

Multiplied Danger.

Says the Pittsburgh Gazette-Times:
"Practical discouragement of the hold-
up man—bank the day's receipts in
installments." What, and get black-
jacked two or three times instead of
once? — [Cleveland Plain Dealer.]

What It Does Not Hear.

The public hears a great deal about
an occasional thief in the postoffice;
it hears a great deal about an occa-
sional grab for spoils in the postoffice;
by a job hunting politician; but it
does not hear a great deal about the
multitude of faithful postoffice em-
ployees who labor diligently day in
and day out to serve the public. —
[New York Herald.]

After a C. of C. Banquet.

Petersen came home from the ban-
quet his friends had fastened a menu
card on the back of his coat.
"Why, Peter?" said his wife.
"What's that you've got on your
back?"
"Ah!" said he, removing the card.
"Only a table of contents, my dear."
— [Klods-Hans (Copenhagen).]

Oneonta Weather in May.

The average temperature in One-
onta for the month of May, as re-
ported by the local office of the Uni-
ted States Weather bureau, was 58
degrees. The maximum was 87 degrees
on the 24th, and there were eight
days on which it reached 80 degrees
or over. The minimum was 25 de-
grees on the 1st and there was only
one day afterwards on which it was
as low as 31. The greatest daily range
was 49 degrees on the 23th.

The rainfall for the month was 3.24
inches, all of which fell on seven
days. The sky was clear for 17 days,
cloudy for 19 and partly cloudy for
4. During the last ten days of the
month all save one were clear, the
exception being on the 26th, when

Captures Thirteen Rainbow Trout

Averaging Nine Pounds.

I. H. Howe, O. C. McCrum and
doubtless other friends in the city
received yesterday letters from Hon.
D. F. Wilber dated at Auckland, New
Zealand, in which are enclosed a
photo of the United States Consul
General in which that genial gentle-
man wears a most contented and sat-
isfied expression. He is seated near a
camp house and the ground in front
of his rainbow figure are 13 large
rainbow trout. Their weight varies
from 6 to 11½ pounds, the average
being 9 pounds. The card states that
they were "caught upon an American
rod by a Yankee using a string of
flies." They were taken at camp
Delta on Takaariki lake at Tampa.
Mr. Wilber always could handle a
fly, being able to cast as well as any
trout fisherman here and it is evi-
dent that it required some dexterity
to land these big fellows upon a
fly rod.

It'll solve your problems.

That's what the 1900 Cataract
Electric Washer, with its wonderful
figure 8 movement will do for you!
You see, because of that magic exclu-
sive feature, the water swishes back
and forth through the clothes in a
figure 8 motion, four times as often
as in the ordinary washer.

Then take that smooth copper tub
—no heavy parts to lift out and clean
after the wash is finished—nothing to
rub against the clothes and cause
wear and tear!

And there's the reversible wringer
that can be shifted from the clothes
basket to washer and back again—it
also works electrically.

All these features combine to make
the 1900, the perfect washing ma-
chine, and we will deliver a 1900 right
to your home so that you can prove
that to yourself. You needn't start
paying for it until you have seen what
it will do—and then on terms to suit
your convenience.

SENIOR BALL AT NORMAL

Members of Senior and Junior Classes at Oneonta Normal Attend Brilliant Social Function Last Evening.

The gymnasium at the Oneonta Normal school was the scene last evening of the annual Senior ball. The "gym" was tastefully decorated with palms, plants and green vines, while the lights were dimmed with green crepe paper ornamented with paper roses. Seniors and Juniors and their friends were present to the number of 120. The music committee had secured the services of the "Finchers," who played for the dancing and the grand march, to the evident satisfaction of all.

The evening's entertainment opened with the grand march, led by the class president, Miss Adelaide Gallagher of this city, and Dr. Charles A. Schumacher of the Normal faculty. Dancing was then in order. During the intermission, a reading was given by Professor Arthur M. Curtis. The guests were served with delicious refreshments, consisting of orange ice and wafers. Those in charge of the arrangements for the ball were the class officers: President, Adelaide Gallagher; vice president, Frances Martin; treasurer, Muriel Miller, and secretary, Doris Coates, and their committees.

The Misses Trauger to Entertain.

An entertainment that should prove of interest to many in the city will be given in Municipal hall on Friday evening, June 9, when the Misses Rebecca and Eva Trauger of New York city will give a program of songs and readings for the benefit of the Ladies' guild of the Lutheran church. The Misses Trauger are daughters of Rev. J. C. Trauger, formerly pastor of the Lutheran church here, and were reared and educated in Oneonta, where they have many friends. They are now teaching in the metropolis. Both girls will be remembered as possessing uncommon musical and dramatic ability.

HIGH SCHOOL MUSICAL CLUBS

High Class Entertainment Given Last Evening by Boys' Glee Club and Girls' Chorus at Oneonta High School.

The Oneonta High School Musical clubs fulfilled the highest expectations of their patrons in the splendid manner in which they rendered the various numbers of the concert given last evening in the auditorium at the high school. The weather of last evening was most unfavorable. However, there was a fair sized and most appreciative audience present. The Boys' Glee club, the Girls' chorus, and a quartet comprised the main force of entertainers, but several solo numbers were rendered by individual members of the club. The club was formed in its director, Miss Shufelt of the high school faculty, and in its accompanist, Stuart Pratt, Messrs. Walsh and Thayer rendered solo numbers to the delight of the audience and responded to repeated calls for encores. Three solos by Miss Shufelt received the appreciation and applause of the audience. Miss Shufelt proved herself a singer capable of expressing the deepest feeling and pathos of her selections, as well as a director of unsurpassed qualities of leadership. Stuart Pratt, who rendered two piano solos, responded to calls for an encore. The work of the Boys' Glee club and the Girls' chorus and of the two clubs in combination, was equally praiseworthy. One of the most entertaining features of the program was the selection "Massa Dear," rendered with much feeling by a quartet composed of Messrs. Burke, Thayer, Walsh and Briggs. They responded with an encore of sound morals and humorous vein, which was vociferously applauded. A fitting closing for the evening's entertainment was the school song, "Alma Mater" sung ensemble.

The work of the students in this line is not only unsurpassed among the schools of this section, but is worthy of professionals. It is regrettable that a larger number of Oneonta citizens was not present to hear this concert. Those who were not in attendance missed one of the finest entertainments of the season.

TRI-COUNTY ASS'N MEETING

Superintendents of Schools of Delaware, Otsego and Schoharie Counties Met in Huntington Memorial Library.

The Tri-County Association of School Superintendents met in the assembly room at the Huntington Memorial library yesterday, in morning and afternoon sessions. The morning session opened at 10:30, with the business meeting at which the annual reports were read and officers elected for next year. At this time were elected R. W. Eldredge of Schoharie county, president; V. Leroy Myers of Delaware county, vice president; Frederick Strong of Otsego county, secretary and treasurer.

Following the business meeting Superintendent J. B. McManus gave a fine account of "Accomplishments in the Field of Rural Education During the Regime of the District Superintendent." A lively discussion of the topic, led by Supt. A. T. Hamilton, followed. The second topic introduced and discussed was "What Should Be Done for the Improvement of the Rural School?" sponsored by Supt. Floyd R. Thayer and Supt. Harrison Cossart.

On the program for the afternoon session was "The Problem of the One-Teacher School," by Dr. Fannie W. Dunn of the Department of Rural Education, Columbia university, which attracted most interested attention. The other topics discussed during the afternoon were: "Education Measurements Versus Present System of Examination," and "Supervision as a Function of the Superintendent District from Administration." The afternoon session closed with the presentation of the president-elect.

We Promised the Public

To sell them gasoline all through the month of June at the Standard Oil company wholesale price, which is today 25c per gallon. We were informed that the price advanced one cent per gallon, but later found there had been no advance in Oneonta, so instead of charging 25c as yesterday we are selling it at 25c per gallon and everyone and everyone who paid us 25c yesterday can have one cent back by mentioning it to us the next time they get gasoline.

I consider this mistake in gasoline price was a trick of the company to get me to keep my price up.

Very truly yours,

D. E. Robinson.

P. S.—We will also sell you the best quality and fresh stock at not over 5 per cent above wholesale price. We have the finest oils that science can make at from 25 cents to 30 cents per quart. It would pay everyone to use the best kinds of oils as oil is cheaper than bearings of your car. I thank you, D. E. Robinson. advt 1t

Let This Soak In.

Foreigners come to this country thinking it a land of milk and honey. Sharper get hold of them, do them to the queen's taste and make them ugly and dangerous. Young people start out in life with thoughts of peaches and cream; sharper also get them and they to become ugly and dangerous. For 33 years, I've been unselfishly playing a safe life and let live game, in giving both classes a fair chance and square deal, so that they won't get ugly and throw bombs to make us dirty up. Isn't it time that teachers, preachers, newspapers and others who use their brains wake up more fully to my grand work? Yes, and others should give me a boost, as I help to make it more safe for them to be out after dark. I would tell you a lot more, but I don't have time. It's no undue gain to me; so good day. CITY BEAUTIFICATION

Mortimer G. Merritt, Distinguished Landscape Architect, to Address Chamber of Commerce.

"City Beautification" will be the topic before another forum dinner meeting to be held Tuesday evening, June 6, at the Elks' club by Oneonta Chamber of Commerce, arrangements for which were completed yesterday. Mortimer G. Merritt, landscape architect of Rome and Cooperstown, will be the speaker of the evening. His reputation as a "practical" landscape architect who blends usefulness with beauty, and the comment created recently in Cooperstown and Amsterdam by his talk on similar subjects, give assurance of the forum committee's wisdom in its selection. Mr. Merritt was scheduled to address the quarterly meeting in May but his sickness prevented.

Members of the Woman's club as well as of the Chamber of Commerce have been mailed invitations to the dinner, as the forum committee believes that the subject and its interest to the women of Oneonta warranted the courtesy of this special invitation to individual members of the club, which as an organization holds a membership in the Chamber.

Reservations for the dinner may be made by return postal, enclosed in the letter mailed to members of the Chamber of Commerce and Woman's club, or by telephone to the Chamber offices, 826, at one dollar a plate. The dinner will begin at 6:30 o'clock.

Among the subjects Mr. Merritt will probably cover in his address, according to the announcement made by the committee, are the means of eliminating various eye-sores to the city's attractive appearance which he will definitely enumerate, and other encroachments on Oneonta's natural beauty, and the care of individual residential properties for the enhancement of the appearance of each and as an added step towards the goal of "City Beautification."

COME TO CHICKEN DINNER

Complimentary Banquet Tonight to Traveling Men of City—Everybody Invited.

With three able speakers on the subject of Oneonta and a four-course chicken dinner arranged by the committee, the get-together for the traveling men of Oneonta, to be held this evening at 6:30 o'clock, at the Elks' club banquet hall, under the auspices of Oneonta Chamber of Commerce, is expected to prove a big success.

Fifty traveling men have already signed their acceptances of invitations extended, and with the directors of the Chamber of Commerce and other members and citizens who will attend, a goodly gathering will be on hand to enjoy Seward Peterson's menu, and to treat in store from O. Clark McCrum, Mayor Clarence C. Miller, Rev. L. Curtis Denney, and Toastmaster Roscoe C. Briggs.

All Oneonta traveling men known to the committee have been invited to the dinner, representatives of out-of-town houses as guests of the Chamber's directors, and representatives of Oneonta houses as guests of the traveling men. Any traveling man who has not been invited is urged to telephone the Chamber of Commerce offices, 826, this morning. All members of the Chamber and other citizens are welcome to attend and may make reservations, at \$1.25 a plate, by telephoning the Chamber offices before noon today.

"Advertising Oneonta" is the slogan for the dinner this evening, the occasion being arranged to afford the traveling men with talking points about the city which they can use in conversations on the road, as a part of the city advertising campaign being waged along certain lines by the Chamber of Commerce. It is almost needless to reiterate the value of the rural tonight's dinner is any solicitation scheme, as absolutely no requests of any nature will be made at the affair.

TALENTED ORGANIST COMING.

Prof. Ford B. Saunders of Colgate University to Give Concert.

Music lovers of the city will be interested in the announcement that on Friday evening, June 9, Prof. Ford B. Saunders of Colgate university will give an organ recital at the First Baptist church, under the auspices of the Mothers' club. Prof. Saunders is son of the late Reed Saunders and a nephew of Henry Saunders. Years ago he made his home in Oneonta and has many friends in the city who will be glad of the opportunity to hear him.

Prof. Saunders is said to be a talented organist and has given several concerts in other places. He is assistant instructor of music at Colgate and is an accomplished musician. The Mothers' club extends a cordial invitation to the public to attend the concert. There will also be a musical program by local talent, and a very enjoyable evening is anticipated.

TROY TEAM HERE TODAY

Professionals Expected to Give Bridewell's Men Good Fight. Giants Play Bonackers at Albany Tomorrow—Series With Norwich Arranged.

If the weather man is condescending, Bridewell's cohorts will take on the Troy Professionals at Nehaw park this afternoon, commencing at 4:15. The locals had a day of rest yesterday and are prepared to get after the ball in great shape today. Fans will be interested in the result of the contest, as the Troy boys are reported to have a strong outfit.

Tomorrow, the Giants will motor to Albany to cross bats with Bill Hopinstall's Bonackers. This is the first big game in the vicinity of Albany this season, and a large crowd is expected to overrun the Rensselaer ball park. Referring to the game, the Albany Journal says:

"The Bonackers are taking no chances, and Manager Bill Hopinstall will treat out one of the strongest teams that ever represented the East Side. The Oneontans are of big league calibre and are stronger than last season. They easily won a double-header Decoration day from the Syracuse Olympics. The Bonackers will use Earl Winchester for Tommy McLaughlin on the mound, with Wells or Barnes receiving. The remainder of the line-up will consist of Ott, first base; Jimmie Haber, second; Johnny Haber, short; Herman, third base; Doran, left field; Sager, center field, and Bonacker, left field.

Last season the two clubs met four times and broke even in four close games, which drew tremendous crowds."

Bookkeeping Manager Crounse announces the following additions to the schedule recently published in The Star:

June 20—Norwich in Oneonta.
June 29—Oneonta in Norwich.
August 2—Oneonta in Norwich.
August 18—Norwich in Oneonta.

ACCIDENT ON STATE ROAD

Schenectady Car Goes Into Ditch When Passing Car Takes Up Too Much of Road.

As Mr. and Mrs. Harry McRae of Schenectady were on their way from Cooperstown to Oneonta to visit Mayor and Mrs. C. C. Miller yesterday morning, they were met by another car, in which were two men, which, he says, held to the middle of the road so persistently that Mr. McRae was forced to leave the main lane at a point near the Star Hlop farm, between this city and Emmons. The car struck a concrete culvert and went into the ditch and over on its side against the bank.

The occupants of the other car, Mr. MacCrae states, ran about 200 yards and then stopped and alighted; but when they saw him and his wife crawling out of the wreck, they rushed their own vehicle and hurried away. Fortunately, neither MacCrae nor his wife were much injured, and after coming to Oneonta, where their bruises were attended to by Dr. Stanton Hendrick, they returned home in the afternoon by rail, leaving their car for repairs.

So far as can be learned, the occupants of the other car did not report the accident, and Mr. and Mrs. MacCrae were too much dazed by the accident to secure the number or any particulars about their car.

WOMAN MUCH RESPECTED

Was Mrs. William A. Lakin, whose demise last evening at 6 o'clock will cause deep sorrow—Funeral Services Sunday Afternoon at 2:30 o'clock.

Mrs. William A. Lakin, who had lain unconscious at the family home at 50 Elm street since Monday last, following an attack of pneumonia with complications, passed away last evening at 6 o'clock, the physicians and family having had little hope of her recovery for the past few days. Her demise follows exactly five weeks that of her mother, the late Mrs. Elizabeth Slawson, to whom she had been very devoted and given loving care during a long decline. The funeral services are to be held from the house on Sunday afternoon at 2:30 o'clock. Her pastor, Rev. Dr. Edson J. Farley of the First Baptist church, will officiate and interment will be made in the family plot at Riverside cemetery.

Her maiden name was Martha Elizabeth Slawson and she was born upon the Slawson homestead at North Franklin, Nov. 4th, 1819, the daughter of the late Samuel and Elizabeth Wilber Slawson. She remained at the parental home until her marriage to Mr. Lakin Sept. 26, 1870, and they at once commenced housekeeping in this city and have since remained among the esteemed residents of Oneonta. They have resided in the home at 50 Elm street since 1884, and she had witnessed the development of Oneonta from a small village to its present proportions.

She was no doubt weakened by the long illness of her mother and two weeks ago Wednesday was stricken with pneumonia, complications rendering her condition critical from the outset and the case a difficult one. News of her demise, though not unexpected, will be learned with deep regret by many friends.

Mrs. Lakin is survived by her husband, by two brothers, S. Emmett Slawson, who still occupies the old homestead at North Franklin, G. Milton Slawson, residing at Gault avenue, this city, and by two sisters, Mrs. A. N. Denny of Mt. Vision and Mrs. C. J. Gates of North Franklin. Miss Elizabeth Slawson, a niece, had resided with her much of the time in recent years and the attachment between them was nearly as intimate as that of mother and child. To all of the relatives the sympathy of many friends will be extended.

Mrs. Lakin had been a member of the First Baptist church of Oneonta since early girlhood and she was one of its most earnest and zealous members. She was one of its deaconesses and a member of the Philanthia class. A woman of tender heart and generous nature, she was devoted to her family and friends and will be greatly missed. She was a member and a past mistress of the Royal Rebekah lodge in this city and in both church and fraternity was useful and much esteemed.

Her death, following five weeks after the mother, makes the family doubly bereaved. The funeral also will be exactly five weeks after that of the mother.

MARRIAGES.

Clark-Bliss.

Compensation, June 2.—One of the most charming of May weddings was solemnized at the home of Mr. and Mrs. Frank N. Bliss, near Cooperstown, when, on Wednesday, May 31, their elder daughter, Lillian M., became the bride of Harris G. Clark, only son of Dr. Keller Clark of Middleburgh Center.

The bride wore a gown of white satin chamoisee and carried a bouquet of bride's roses. She wore a string of pearls, the gift of the groom. The ceremony was performed by the Rev. Edward C. Petrie, on the lawn under an arch of ferns and white lilies. After the ceremony, a delicious luncheon was served, the friends of the bride, after which the happy couple left amidst a shower of rice and confetti for a two weeks' trip in the Catskills.

The bride is a graduate of the Morris High school and Training class, and after taking a course at the Albany Business college, was employed for three years at the county clerk's office at Cooperstown. The groom is a graduate of Cooperstown High school and a prosperous young farmer of Middlefield. Both are popular young people in their community and carry the best wishes of a host of friends.

The out-of-town guests included Mrs. George (Hubert) and daughter of Utica and Mr. and Mrs. Horace Kerr, Mr. Mary A. Bliss, Mr. and Mrs. Walter A. Bliss, Mr. and Mrs. Claude L. Gregory, Mrs. Mary Gregory and Frank Gregory, all of Oneonta.

BRIDES-TO-BE GIVEN SHOWER.

Autumn Lodge Honors Mrs. Helena Seaburg and Miss Helen Merrill.

One of the most pleasant social events of the history of Autumn lodge took place Thursday evening at the lodge rooms when a variety shower was given to members of the lodge who soon are to become brides. Those honored were Mrs. Helena Seaburg, at 231 Chestnut street, who is soon to marry John Minahan of Binghamton, a D. & H. conductor, and Miss Helen Merrill, who is approaching marriage to Raymond Burgett of this city, as announced.

The dining room was so elaborately decorated for the occasion, the color scheme being pink and white. The brides' table in the center was adorned with cut flowers and with two keepsake dolls dressed in bridal gowns. A delicious dinner was served to the 20 ladies present and was heartily enjoyed by all. Following the dinner, Mrs. Minahan, in a neat little speech, presented Mrs. Seaburg and Miss Merrill each with a cut glass dish, as a token of good wishes. Both responded, thanking the sisters in the lodge for their expressions of regard and referring to the many enjoyable hours they had spent as members of Autumn lodge.

The next feature of the evening was a "lucky shower," in which the two young ladies were presented with all kinds of gifts, both useful and otherwise. An enjoyable social hour followed, and it was with regret that the gathering broke up at a late hour and the ladies departed for home.

West Oneonta June 2.—Frank V. WELL KNOWN TEACHER

Mrs. Carrie F. Lane Expires June 1, at Hospital in New Mexico.

Hartwick, June 2.—A telegram received today by relatives in this village announces the death, on June 1, of Mrs. Carrie Field Lane, wife of the late George Lane of Mt. Vision, at a hospital in Raton, New Mexico. Further details have not yet been received, but it is understood that she entered the hospital on May 27, suffering from appendicitis, for which she later underwent an operation.

The body of Mrs. Lane will be brought on Sunday at 3 p. m. to this village, accompanied by her daughter, Miss Florence A. Lane. The funeral will be held Monday at 11 a. m., at the home of her sister, Mrs. H. O. Branch. It is expected that Rev. Dr. John G. Traver of the Lutheran church at Hartwick Seminary will conduct the services.

Mrs. Lane was born in Hartwick township September 4, 1856, and was a daughter of George and Mary (Steele) Field. She was educated in the local schools and at Hartwick Seminary, where in 1873 and 1874 she was a proficient student. Later she was a teacher in the village schools of Hartwick, Otego and Milford, and in the Hartwick Seminary. Her work as an instructor gave her a wide circle of acquaintance throughout the county, and she made many friends alike among pupils and their parents, who have remembered her with genuine affection and high regard, and who will deeply lament her demise.

The deceased is survived by the daughter above named, who is a teacher in the schools at Ratan, and by two sisters, Mrs. C. M. Cook and Mrs. H. O. Branch, both of Hartwick, also by several nieces and one nephew.

Mrs. Lane was a member of the Lutheran church at Hartwick Seminary. She was a woman of noblest character, of fine scholastic attainments, and of a genuine Christian spirit—qualities which endeared her to all who knew her, and which by her wide circle of acquaintances will long be remembered.
